

Superbowl-I strongly support the FCC's stance to investigate the ENTIRE 1/2 time show on Superbowl Sunday and I strongly encourage fees per broadcast as well as harm to EVERY American family who was exposed to an entirely offensive show - not just the stunt at the end. The "managers" of the show were very well aware of the content beyond the last instance and they STILL showed it! Horrible and outrageous exposing children and adults to soft porn material! Disgusting!
